

Great Results Guarantee

Snapshot report

Under the agreement for 2014
Doomadgee State School received

\$173,251

Our full 2014 agreement can be found here: [Doomadgee SS GRG](#)

Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

Embedded Literacy and Numeracy Coaching within prep – Year 2:

- This program has led to consistently embedded best practice of classroom pedagogy within reading and numeracy
- There has been substantial increase within lower cohort of students in attainment of individual student targets in Reading, demonstrated through consistent assessment practices
- Students have demonstrated significant increase in attainment of sight words, phonics and phonemics that will be able to lead to success of reading
- The number of students attaining Regional benchmarks has doubled since the implementation of the program, and through triangulation of data it is expected that data will reflect positive gains towards targets in 2015 NAPLAN

Diagnostic Testing Tools:

- The establishment of consistent diagnostic testing tools across the school has created transparency of student achievement and established a culture of data driven classroom practice. As this culture continues to mature, students will enjoy consistent teaching and learning experiences across cohort and grade junctures to prioritise continual attainment and improvement, based on data driven interventions.

Purchase of PRIM Manuals for School Leadership Team:

- The process of using Research Based strategies for student interventions has had demonstrated success through increased attendance, engagement and student attainment.
